8 FOR THE NORTHERN DISTRICT OF CALIFORNIA

9
10 UNITED STATES OF AMERICA,

No. CR 09-110 SI

11 Plaintiff,

**FINAL PRETRIAL SCHEDULING
ORDER (AMENDED)**

12 v.

13 RICHARD BAI,

14 Defendant.
15
16

17 On September 10, 2013, the Court held a final pretrial conference in the above captioned matter,
18 which is set for jury trial beginning September 23, 2012. All parties were represented by counsel. The
19 following matters were resolved:

20 1. **Number of jurors and challenges:** There shall be a jury of 12 members, with 2
21 alternates. The plaintiff shall have 6 peremptory challenges; defendant shall have 10 peremptory
22 challenges; and each side shall have one additional peremptory challenge on account of the alternates.
23 Questionnaires have been completed by 52 potential jurors. Voir dire shall begin on September 23,
24 2013 at 8:20 a.m.

25
26 2. **Trial schedule:** The Court generally hears jury trials Monday through Thursday; the
27 Court does not hear trials on Fridays (although deliberating juries may continue their deliberations on
28

1 Friday). The trial day runs from 8:30 a.m. until 3:30 p.m., with a 15 minute break at 10:00 a.m., a 30
2 minute break at noon and a 15 minute break at 1:45 p.m., all times approximate. The parties have
3 estimated a two- to three-week trial, which estimate will be conveyed to the jury.

4
5 3. **Motions in limine:** At the pretrial conference, the Court reiterated its view that all prior
6 rulings in the case, including in limine rulings prior to the first trial, will continue in effect during this
7 trial, except to the extent specifically altered after discussion. In addition, two additional motions in
8 limine were discussed, as follows:

9 Plaintiff's motion re: additional disclosure of anticipated testimony by economist Bruce
10 Deal: Defendant has listed Bruce Deal as a trial witness, asserting that he will sponsor a summary chart.
11 Mr. Deal was the only defense witness at the first criminal trial, and testified at some length as an expert.
12 Plaintiff has sought clarification concerning what his testimony will be here. Defendant declined to
13 clarify, stating that Mr. Deal "may be helpful in summarizing voluminous records and data," which
14 summaries will be prepared "once Mr. Bai has reviewed the government's case against him." The
15 parties shall not mention Mr. Deal in opening statements and, prior to putting him on, defendant will
16 be required to make an offer of proof as to his testimony. Plaintiff must be provided with copies of
17 documents to be summarized, if it is not already in possession of them, and must be given time to
18 evaluate them. The fact that Mr. Deal testified previously is admissible, as is any remuneration he has
19 received in connection with his work on this and the prior cases.

20 Plaintiff's motion re: results from first two trials: The parties dispute the extent to which
21 questions may be put concerning prior pleas and convictions in this case. The government's request to
22 offer evidence of convictions more broadly than was done in prior trials is DENIED; only testifying
23 witnesses may be questioned about their own guilty pleas and convictions. Defendant's request that
24 even testifying witnesses not be examined by the government about their convictions is likewise
25 DENIED. Plaintiff may bring out a witness's prior guilty pleas and convictions in its direct
26 examination; such matters "may properly be considered by the jury in evaluating witness credibility."
